Shape the future of healthcare for the LGBTQ+ community on Long Island

Your voice matters. And you can help shape the future of healthcare for the LGBTQ+ community on Long Island during Pride Month by taking the LGBTQ+ Health Needs Survey.

This landmark survey is the first of its kind on Long Island. Endorsed by over 20 partners that support the health and wellbeing of the LGBTQ+ community, this confidential, anonymous survey of those ages 18+ will provide vital data to guide the delivery of healthcare services for LGBTQ+ residents across Long Island in a sensitive, safe, respectful way.
