

The Endoscopy suite is located on 14 North in Stony Brook Hospital.

Take one of the main elevators to the 14th Floor, turn left to North Tower. The waiting room is straight ahead. Sign in and have a seat.

Endoscopy phone number: 631-444-8038

GI Motility phone number: 631-444-1759

Preparation for BRAVO pH study ON MEDS

1. Follow instructions for Endoscopy prep.

- a. Nothing to eat or drink after midnight.
- b. Leave your jewelry at home.
- c. You must obtain a COVID swab demonstrating a negative result **within 3 days** of your procedure.
 - **THIS MUST BE A PCR SWAB. NO RAPID SWABS ACCEPTED.**
 - If you are bringing results with you, please print them out to provide to staff.

2. DO NOT STOP taking your acid medication (Prilosec, Nexium, Omeprazole, pantoprazole, Aciphex, Dexilant, Zantac, Pepcid).

3. You will need someone to drive you home (cannot take a taxi or Uber services home).

4. You will need to return the BRAVO recorder 48 or 96 hours after your upper endoscopy to:
Ambulatory Care Pavilion (ACP) building, GI Motility Level 2.
3 Edmund D. Pellegrino Road, Stony Brook, NY 11794

5. If you have access to a computer, please watch the following **YouTube** video prior to arriving for your procedure:

You can either copy the following link, or type:

“BRAVO Esophageal pH Test What You Need to Know” into the **YouTube** search engine.
