

COCHLEAR IMPLANT PATIENTS & CAREGIVERS NEEDED FOR RESEARCH STUDY

Help us better understand how patients and families choose a cochlear implant (CI) manufacturer.

Complete our **anonymous, 10-15-minute, IRB-approved** survey.

Participation is voluntary. No identifying information will be collected.

Your experience can help improve support for future CI recipients and families.

ELIGIBILITY:

Individuals must:

- Be 18 years of age or older
- Be able to read and understand English
- Be an adult CI recipient **OR** a parent, spouse, caregiver, or family member who supported an adult or pediatric CI recipient

**The recipient must have been implanted in the U.S.*
