The Department of Family, Population & Preventive Medicine's Nutrition Division Presents

Cooking and Nutrition Workshop for Kids

With two sessions for Children ages 9-11 and 6-8

Kids will make meals from produce grown on our Stony Brook Heights Rooftop Farm and have a farm-to-table experience!

WHAT KIDS WILL LEARN:

- Kitchen safety and etiquette
- How to harvest produce from our farm
- How to read and follow recipes
- Mixing, measuring, and seasoning techniques
- Above all, how to make and enjoy healthy meals

REGISTER NOW! Seating is limited.

*Due to popular demand and limited space, placement in program is determined by lottery
