

SUPER DOCTORS

Our 18th annual
list of selected
doctors recognized
by healthcare
47 experts in
specialties

+ *Rising Stars* highlights standout
physicians already making an
impact early in their careers.

18
YEARS

**SUPER
DOCTORS**
NEW YORK
2025

It's a big decision

And this list is a great place to start.

For 20 plus years, MSP Communications, a prominent researcher and publisher, has been honoring doctors who demonstrate exceptional dedication in its annual *Super Doctors*® listings. After months of surveying physicians, conducting candidate research, and tabulating votes, we are proud to announce the 2025 *New York Super Doctors and Rising Stars* honorees. Congratulations to each of them!

How it Works: from nominee to honoree: *Super Doctors* uses a patented multiphase selection process, combining peer nominations and evaluations with independent research. It should be noted that Doctors cannot pay to be included on *Super Doctors* listings nor are they paid to provide input.

We asked doctors to nominate colleagues (excluding themselves) they would choose in seeking medical care. Candidates were evaluated on myriad factors, including (but not limited to) peer recognition and professional achievement. Doctors with the highest scores were invited to serve on a Blue-Ribbon Panel. Candidates with the highest cumulative points from surveys, research, and Blue-Ribbon Panel review were selected. Of course, no list is perfect. Many qualified doctors who provide excellent care are not included on this year's list. However, if you're looking for doctors who have earned the high regard of their peers, this list is a great place to start your search.

Rising Stars: The selection process for *Rising Stars* is the same as it is for *Super Doctors*. Just one caveat: *Rising Stars* recognizes providers who have been fully licensed to practice medicine in their respective specialty for approximately 10 years or less.

Doctors named to the lists for 15 years (or more) were eligible to designate this special honor in a paid profile using the *New York Super Doctors* Hall of Fame Legacy Logo. Doctors named for at least 10 years were eligible to designate this recognition in a paid profile using the Hall of Fame Logo. The complete list of honorees can be viewed at superdoctors.com.

This listing of honorees is distributed in various locations throughout the New York City metropolitan area; including Long Island, Westchester, Connecticut, and New Jersey.

MSP Communications prepared this special advertising section. *The New York Times* did not contribute to the reporting, editing or sales of this publication.

KEY

BLUE BOLDFACE indicates a profile on the specified page.

♦ indicates doctor's practice has a pediatric specialty or subspecialty.

* indicates doctor's practice offers cosmetic/reconstructive procedures.

Disclaimer: The information presented is not medical advice, nor is *Super Doctors* a physician referral service. We strive to maintain a high degree of accuracy in the information provided. We make no claim, promise or guarantee about the accuracy, completeness or adequacy of the information contained in the directory. Selecting a physician is an important decision that should not be based solely on advertising. *Super Doctors* is the name of a publication, not a title or moniker conferred upon individual physicians. No representation is made that the quality of services provided by the physicians listed will be greater than that of other licensed physicians, and past results do not guarantee future success. *Super Doctors* is an independent publisher that has developed its own selection methodology; it is not affiliated with any federal, state or regulatory body. Self-designated practice specialties listed in *Super Doctors* do not imply "recognition" or "endorsement" of any field of medical practice, nor does it imply certification by a Member Medical Specialty Board of the American Board of Medical Specialties (ABMS), or that the physician has competence to practice the specialty.

Orthopedics at Mount Sinai

*Selection to *Super Doctors* 2025 list †*Super Doctors* Hall of Fame Honoree ‡*Super Doctors* Hall of Fame Legacy Member §Selection to *Rising Stars* 2025 list

Mount Sinai's Orthopedic *Super Doctors* honorees are leaders in bone, joint, and spinal care, using minimally invasive techniques and the most advanced diagnostic and therapeutic technologies across all orthopedic specialties. From musculoskeletal sports medicine to joint replacement surgery for hips, knees, and

shoulders, as well as fractures and tumors, our patients benefit from personalized treatment plans provided by a multidisciplinary team of specialists with convenient locations throughout Manhattan and beyond. The Mount Sinai Hospital is ranked nationally for Orthopedics by *U.S. News & World Report*® for 2024-25.

New York's leading doctors right here at Stony Brook Medicine.

Finding the best doctor shouldn't mean compromising between expertise and convenience. At Stony Brook Medicine, you'll find both.

Over 50 of our physicians have been recognized in the New York Super Doctors 2025 listing.

Not only do these doctors represent an estimated top 5% of doctors in the New York Metropolitan Area, they also validate our commitment to bringing the best healthcare possible to communities we serve.

ONCOLOGY

Oncology specialists diagnose and treat cancer and other benign and malignant tumors. Treatment frequently involves a combination of surgery, chemotherapy, and radiation therapy. Depending on the type, stage and location of a cancer, multiple oncology specialists may be involved in a patient's care.

Endometriosis Surgery Specialists

SECKIN MD
 ENDOMETRIOSIS CENTER

Endometriosis Surgery Specialists (ESS) is an internationally renowned surgical practice dedicated to the diagnosis and treatment of endometriosis and complex gynecologic conditions. It was founded by Dr. Tamer Seckin, who has over thirty years of experience exclusively performing excisional surgery, pioneering new techniques for complex endometriosis cases. He is also a Clinical Professor at Zucker School of Medicine and founder of Endometriosis Foundation of America. Dr. Amanda Chu joined ESS in 2021, after training under Dr. Seckin. Dr. Chu specializes in robotic surgery, complex pelvic pain, and minimally invasive myomectomy and is also a Clinical Associate Professor at Zucker School of Medicine. The New York City-based practice offers a unique multidisciplinary team approach to patients and prioritizes excellence in surgery with meticulous excision of endometriosis lesions, reconstruction and restoration of the pelvic anatomy.

ORAL AND MAXILLOFACIAL SURGERY

Oral and maxillofacial surgery is a specialty which includes treating many diseases, injuries and defects of the mouth, teeth and jaws. Surgeons may also be called on to consult with cases of obstructive sleep apnea, facial pain and infection, biopsies and removal of lesions. These specialists have the expertise to treat many functional and esthetic conditions.

ORTHOPAEDIC SURGERY

Specialist is trained in the preservation, investigation, and restoration of the form and function of the extremities, spine, and associated structures. Surgeons manage special problems, diagnose the injury or disorder, and establish treatment which may include surgery. Doctors may specialize in certain areas, such as foot and ankle, hand, hip or knee. They may also focus on specific fields like trauma or sports medicine.

OTOLARYNGOLOGY

Otolaryngologist-head and neck surgeons provide medical and surgical management of patients with diseases and disorders of the ear, nose, throat (ENT), and related structures of the head and neck. Some otolaryngologists specialize in plastic and reconstructive procedures within the head, face, neck, and associated structures, including maxillofacial trauma, soft tissue repair, cosmetic surgery, and more.

SATJIT BHUSRI, MD, FACC

Cardiology

Cardiologist Satjit Bhusri, MD, FACC, sees patients at Upper East Side Cardiology, in Manhattan. Dr. Bhusri graduated from Cornell University and SUNY-Downstate College of Medicine. He has research experience in molecular oncology and molecular hematology from Cold Spring Harbor Labs and Harvard Medical School, and completed his advanced medical training at Lenox Hill Hospital. He offers state-of-the-art care and advanced diagnostics, as well as remote monitoring and telehealth services. In 2015, Dr. Bhusri suffered from cardiac shock and spent a month in intensive care. He had only a 20 percent chance of survival—but with a strong network of physicians and family, he healed. This experience made him a more mindful and healthy person. He shares this experience with his patients to help them become more mindful and healthy, too. Dr. Bhusri has been featured in *Forbes*, NBC News, CBS News, SiriusXM Radio, *The New York Times Magazine*, *CNN*, and more. He is an American College of Cardiology fellow and American Heart Association council member.

DAVID R. EDELSTEIN, MD, FACS

Otolaryngology

Dr. David R. Edelstein is the former Chief of Otolaryngology at Manhattan Eye, Ear and Throat Hospital (MEETH) and the former Chair of Otolaryngology at Lenox Hill Hospital (LHH). He is a clinical professor of otorhinolaryngology at Weill Cornell Medical College, and is nationally known for work in endoscopic sinus surgery, CT-guided nasal surgery, balloon sinuplasty, hearing loss, nasal polyps, and nasal aging. He is a past chair of the Board of Governors of the American Academy of Otolaryngology (AAOHN), the senior editor of Revision Surgery in Otolaryngology, and has won numerous awards, including the "Practitioner of the Year" Award from AAOHN, the Distinguished Alumni Award from the Boston University School of Medicine and from the Physician Attending Association of LHH, and several Patients' Choice Awards. He has been included among the "Best Otolaryngologists in New York" by *New York Magazine*, "New York Super Doctors," "America's Top Doctors," and "New York's Most Compassionate Doctors" for many years.

ELIE LEVINE
MD, FACS
Plastic Surgery

Plastic Surgery & Dermatology of NYC, PLLC

Plastic Surgery & Dermatology of NYC, PLLC, directed by leading experts and internationally prominent physicians Dr. Elie Levine and Dr. Jody Levine, is the go-to aesthetic center in NYC for natural, yet remarkable, surgical and noninvasive rejuvenation as well as supreme medical care. Dr. Elie is renowned for his innovative, long-lasting surgical facelift, the "LevineLift," and his incredible body contouring, including his media-celebrated "mommy makeover." Rhinoplasty, breast augmentation/reduction, and endoscopic browlift are also areas of his expertise. Dr. Jody is popularly appraised for her incredible aesthetic and supreme talent with fillers, Botox®, lasers, and advanced combination cosmetic care. A celebrity dermatologist and media favorite, she is a cosmetic resource to many. Servicing the whole family, Dr. Jody is also an astute diagnostician, talented surgeon, and caring provider for adults and children.

ORIT MARKOWITZ, MD

Dermatology

Dr. Orit Markowitz, founder of OptiSkin, a cutting-edge treatment and research center offering innovative care in a spa-like setting, is a world-renowned expert in noninvasive cosmetic and nonsurgical skin cancer treatments. A leading researcher and Assistant Clinical Professor at Columbia University, Dr. Markowitz specializes in biostimulation to reverse "Ozempic Face" by naturally renewing collagen and restoring lost facial volume. With over 20 years of experience, she is an award-winning dermatologist recognized with multiple industry presidential citations and the Melanoma Research Foundation Humanitarian Award. At OptiSkin, Dr. Markowitz provides comprehensive dermatologic care for all ages and skin types. Using the latest advancements in laser technology, she delivers personalized treatment for skin cancer, hair disorders, and inflammatory conditions such as acne. Her cosmetic approach focuses on subtle, effective rejuvenation—ensuring natural and long-lasting results. **Welcome to "The Cutting Edge Without the Cutting."**

MONICA TADROS, MD, FACS

Facial Plastic Surgery

A graduate of MIT and Georgetown, Dr. Monica Tadros is one of the rare physicians who is double board-certified in Otolaryngology & Facial Plastic Surgery, as well as dual fellowship trained. Dr. Tadros began her illustrious career as Director of Facial Plastic & Reconstructive Surgery at Columbia University Medical Center. Now in private practice, Dr. Tadros's stellar reputation has developed around her mantra "Breathe for Beauty." Her emphasis highlights the nose as an organ whose form and function are equally important to a patient's beauty and health. With over 20 years of experience, Dr. Tadros has pioneered safe technologies offering game-changing results. Specializing in Rhinoplasty, Sinus Surgery and Facial Plastic Surgery, she works with patients who suffer from Sinusitis, Allergies, Sleep Apnea, Migraines and other symptoms arising from nasal pathologies. Depending on your needs, exceptional patient care coordinators will take you on a customized journey. In addition to sculpting beautiful noses in a state of the art operating room, Dr. Tadros can clear nasal obstruction, restore breathing and stop post-nasal drip in the office with little to no downtime.

JOHN LAYLIEV, MD

Plastic Surgery

Dr. Layliev is a dual board-certified plastic surgeon who has been practicing on Long Island for over 8 years. Renowned for his expertise in Mommy Makeovers and Facelifts, his signature specialties, Dr. Layliev attracts patients from across the country and internationally. His luxurious office features state-of-the-art operative facilities, including overnight recovery suite accommodations, ensuring a premier experience for every patient. Dedicated to helping individuals look and feel their best, Dr. Layliev considers it a privilege to perform transformative surgeries, whether its total facial rejuvenation or restoring bodies after pregnancy. Known for achieving natural, balanced, and beautiful results, he takes immense pride in his work and the confidence it brings to his patients. Ivy League-educated and a proud New York native, Dr. Layliev combines world-class skill with compassionate care, making him a trusted name in plastic surgery.
