Dear Patients and Families:

Dr. Janice Valmassoi will be leaving Stony Brook Children's practice at 260 Middle Country Road in Smithtown on January 19, 2018. Dr. Valmassoi and her husband have decided to relocate out of state. We are very grateful to Dr. Valmassoi for the expert care and dedication she has provided over the years, as well as her highly valued contribution to our practice in Smithtown.

What follows is a message from Dr. Valmassoi: "In February of this coming year, I will be relocating with my husband out of state. I am extremely grateful to have had the honor and privilege to care for your children. The trust and friendship that we have developed over the years is something I will cherish forever, and leaving my community at Smithtown Pediatrics will be extremely difficult. Over the years you have allowed me to share in the very special experience of raising your children, and for that I am overwhelmingly thankful. I will carry with me many memories, as each and every one of you have touched my life in a special way."

You can continue to receive outstanding care and service from one of our other board-certified pediatricians in our Smithtown practice. Our pediatricians are dedicated to providing continuous and comprehensive, high quality care in a state-of-the-art, family centered environment. Our practice reflects Stony Brook's commitment to serve the healthcare needs of our patients.

We thank you for your continued loyalty. Please let us know if we can assist you in any way or if you have any questions. As always, our staff is available to you by calling (631) 979-7222. Rest assured that the expert professional care of your child will not change and that it remains our first priority.

Sincerely,

Seema Bajaj, MPA
Department Administrator
